

ACCENT

Always a wise choice.

The new ACCENT

Choose with complete confidence.

The new Accent builds on a well-earned reputation for reliability, economy and safety by adding bold, modern styling to the list: Its new cutting edge look will be earning nods of approval wherever you go. But beyond its bold, modern lines, the new Accent also delivers powerful performance with high-efficiency powertrains equipped with six-speed transmissions to maximize fuel economy. And in the matter of safety, the most important category of all, the new Accent comes with advanced safety features that elevate all-round protection to the highest standard yet. Inside and out, Accent is a reflection of Hyundai's passion for engineering excellence.

Where to?

Close by or far away, you'll be looking forward to the drive in your new Accent. First, there's the daring and confident Accent style and that always elevates the driving fun factor. And then there's the driving dynamics department where Accent exceeds all expectations by delivering solid -performance and nimble handling. Whether cruising along wide-open highways or inching along in clogged city traffic, you'll find that Accent is a quiet and capable performer providing you with all the cabin comforts you need to relax and enjoy the drive. Family cars were never this much fun.

Aero-sculpted front end with parametric grille pattern

Evolution or revolution?

Either way, Accent's futuristic design raises the high-tech quotient and that will certainly be turning heads. The eye-catching grille features a bold, new parametric design and a chrome finish for a premium presentation.

Reliable and Efficient.

Accent comes with a powertrain to suit personal requirements. You can always depend on Accent to deliver impressive and reliable performance. Accent adopts tried and true technologies like variable intake systems that let the engines adjust their breathing to power demand, six-speed transmissions and multi-point injection for maximum fuel economy.

Productive time.

Accent provides the perfect space to relax and to be productive too. Once you shut the doors, the peace and quiet will amaze you because Accent is exceptionally well-insulated from road and wind noise. And to keep you well connected and productive while you're on the road, the 8-inch multimedia display offers full support for smartphone connectivity and a lot more through a touchscreen display with easy-to-navigate menus. The colorful dials on the instrument are razor-sharp, precise and easy to read thanks to digital display technology.

Steering wheel includes remote control functions for audio, cruise control and Bluetooth

Full-digital instrument cluster

This next-gen instrument panel provides more information than ever and displays it with digital precision and razor-sharp clarity. The integrated 4.2-in display in the center tracks trip distances, calculates km to refueling, offers oil change reminders and much more.

8.0" Display audio

Supporting Bluetooth 4.0 that interfaces with your smartphone, this multi-functional color LCD provides a touchscreen interface showing the rear camera image, time/date, MP3 player status plus AM/FM radio tuning with RDS.

Automatic climate control

Simply set the digital readout to the desired temperature and the powerful blower provides cooling, heating and ventilation to keep you perfectly comfortable regardless of the outside conditions.

Love the simple things in life.

Safety.

From the moment you step inside Accent, you experience that wonderful feeling of being well-protected. More than a feeling, it's a fact. Accent protects you and your loved ones with some of the most advanced safety technologies available in the automotive industry today.

Static Bending Light

Hyundai's 2003 NEOS-II concept car pioneered this innovation which uses turns of the steering wheel to switch on auxiliary lamps that illuminate dark areas to the side that are not covered by the headlamps.

Rear parking assist system

Hillstart Assist Control

Stopping and starting on very steep road can be stressful and potentially dangerous. HAC prevents the car from accidentally rolling backward whenever the brake pedal is released on a hill.

Electronic Stability Control

ESC can detect skidding and using computerized technology, it will automatically apply the brakes to individual wheels to counter the loss of directional control, help maintain vehicle stability and reduce the risk of a collision.

Features

Halogen headlamps

Chromed grille with parametric design

Bulb-type rear combination lamps

Electric folding mirrors

Chrome beltline molding

Chrome coated door handles

Rear view monitor

High mounted stop lamp

Rear reflector

Smart trunk

15" alloy wheels

16" alloy wheels

6-speed automatic transmission

You will hardly notice this 6-speed gearbox doing its work. Automatic shifting is quick, smooth and quiet but also very convenient. Its efficient design helps maximize fuel economy.

Front disc brakes

To ensure maximum stopping power, every Accent is equipped with 14-inch front disc brakes, a vacuum brake booster and an anti-locking brake system.

Smart key

No more fumbling through your pockets or purse. If the key is with the person, it enables push-button start and remote locking/unlocking of doors and trunk.

Push-button start / Smart key

Rheostat & Electronic Stability Control

Seat folding system (60:40 type)

Window defogger

Power windows

USB port & 12V power outlet

Driver seat height adjuster
